EXPRESSJS

REDUX

## PERSONAL PROJECTS

### Authentication app

🔗 <https://mern-auth-nacs.onrender.com/>

- An authentication app using mern stack, redux toolkit and firebase for storing profile photos in which user can sign up securely, and edit their profile including username, password, profile photos etc. User data is secured with encryption techniques like hashing password, firebase security etc.

### Food Delivery app

🔗 <https://mern-food-ordering-app-frontend-962j.onrender.com/>

- An food delivery app using mern stack, stripe for payment, tanstack query for better optimization, shadcn for ui, and Auth0 for authenticating securely and seamlessly. User can search for restaurants or cousines nearby and order their food. And restaurant owners can setup and manage their restaurant and order easily with features like live order status, online payment, cancellation etc.

### Social media app

🔗 <https://social-media-app-cjrb.onrender.com/>

- An social media app using Reactjs, appwrite as a backend, context api, shadcn for ui, modern practices like debouncing, react hook forms, react query for optimisation, caching, pagination support etc. User can sign up, create and upload posts, explore people, search posts as well as like and save them on a click.
